NOTES FROM THE COMPOSER

Music Makes Me was written for Education Through Music (<http://etmonline.org>), a wonderful organization whose beliefs closely parallel my own -- that music has the power to enhance many aspects of a young life. I had the opportunity to see the work of ETM in New York City public schools, and the impact that I saw, witnessing music influence young lives first-hand, was overpowering.

I believe that music can teach us about discipline and working together toward a common goal...and I believe that it stimulates the humanity in us all. *Music Makes Me* celebrates all that music can give to us..."everything we need."

I am humbled by my work with this organization, and proud to donate a portion of the proceeds from the sales of this piece to benefit ETM, as they continue their work restoring school music programs to support a well-rounded experience for all children.

ABOUT THE COMPOSER

Jim Papoulis has a distinctive musical style that combines contemporary sounds with musical traditions from around the globe. Traveling worldwide, Papoulis works with international artists and ensembles in order to explore and create a sound for a global community. This multi-cultural sound has become the cornerstone of his works for choirs, orchestras, and ensembles.

Everywhere Papoulis travels, he actively immerses himself in the local music, instruments, and culture, gaining the ability to incorporate these diverse elements gracefully into his work. His choral compositions often seem to reflect the personal, inner perspectives of those who sing them, enabling his music to create a bridge of honest feeling and inspiration between singer and listener.
