The musical score consists of two staves. The top staff is for the voice, and the bottom staff is for the piano. The key signature has one sharp (F#). The tempo is marked '27'. The first system has two measures, each with a first ending bracket. The second system has two measures, each with a first ending bracket. The third system has two measures, each with a first ending bracket. The fourth system has two measures, each with a first ending bracket. The fifth system has two measures, each with a first ending bracket. The sixth system has two measures, each with a first ending bracket. The seventh system has two measures, each with a first ending bracket. The eighth system has two measures, each with a first ending bracket. The ninth system has two measures, each with a first ending bracket. The tenth system has two measures, each with a first ending bracket. The eleventh system has two measures, each with a first ending bracket. The twelfth system has two measures, each with a first ending bracket. The thirteenth system has two measures, each with a first ending bracket. The fourteenth system has two measures, each with a first ending bracket. The fifteenth system has two measures, each with a first ending bracket. The sixteenth system has two measures, each with a first ending bracket. The seventeenth system has two measures, each with a first ending bracket. The eighteenth system has two measures, each with a first ending bracket. The nineteenth system has two measures, each with a first ending bracket. The twentieth system has two measures, each with a first ending bracket. The twenty-first system has two measures, each with a first ending bracket. The twenty-second system has two measures, each with a first ending bracket. The twenty-third system has two measures, each with a first ending bracket. The twenty-fourth system has two measures, each with a first ending bracket. The twenty-fifth system has two measures, each with a first ending bracket. The twenty-sixth system has two measures, each with a first ending bracket. The twenty-seventh system has two measures, each with a first ending bracket. The twenty-eighth system has two measures, each with a first ending bracket. The twenty-ninth system has two measures, each with a first ending bracket. The thirtieth system has two measures, each with a first ending bracket. The thirty-first system has two measures, each with a first ending bracket. The thirty-second system has two measures, each with a first ending bracket. The thirty-third system has two measures, each with a first ending bracket. The thirty-fourth system has two measures, each with a first ending bracket. The thirty-fifth system has two measures, each with a first ending bracket. The thirty-sixth system has two measures, each with a first ending bracket. The thirty-seventh system has two measures, each with a first ending bracket. The thirty-eighth system has two measures, each with a first ending bracket. The thirty-ninth system has two measures, each with a first ending bracket. The fortieth system has two measures, each with a first ending bracket. The forty-first system has two measures, each with a first ending bracket. The forty-second system has two measures, each with a first ending bracket. The forty-third system has two measures, each with a first ending bracket. The forty-fourth system has two measures, each with a first ending bracket. The forty-fifth system has two measures, each with a first ending bracket. The forty-sixth system has two measures, each with a first ending bracket. The forty-seventh system has two measures, each with a first ending bracket. The forty-eighth system has two measures, each with a first ending bracket. The forty-ninth system has two measures, each with a first ending bracket. The fiftieth system has two measures, each with a first ending bracket. The fifty-first system has two measures, each with a first ending bracket. The fifty-second system has two measures, each with a first ending bracket. The fifty-third system has two measures, each with a first ending bracket. The fifty-fourth system has two measures, each with a first ending bracket. The fifty-fifth system has two measures, each with a first ending bracket. The fifty-sixth system has two measures, each with a first ending bracket. The fifty-seventh system has two measures, each with a first ending bracket. The fifty-eighth system has two measures, each with a first ending bracket. The fifty-ninth system has two measures, each with a first ending bracket. The sixtieth system has two measures, each with a first ending bracket. The sixty-first system has two measures, each with a first ending bracket. The sixty-second system has two measures, each with a first ending bracket. The sixty-third system has two measures, each with a first ending bracket. The sixty-fourth system has two measures, each with a first ending bracket. The sixty-fifth system has two measures, each with a first ending bracket. The sixty-sixth system has two measures, each with a first ending bracket. The sixty-seventh system has two measures, each with a first ending bracket. The sixty-eighth system has two measures, each with a first ending bracket. The sixty-ninth system has two measures, each with a first ending bracket. The seventieth system has two measures, each with a first ending bracket. The seventy-first system has two measures, each with a first ending bracket. The seventy-second system has two measures, each with a first ending bracket. The seventy-third system has two measures, each with a first ending bracket. The seventy-fourth system has two measures, each with a first ending bracket. The seventy-fifth system has two measures, each with a first ending bracket. The seventy-sixth system has two measures, each with a first ending bracket. The seventy-seventh system has two measures, each with a first ending bracket. The seventy-eighth system has two measures, each with a first ending bracket. The seventy-ninth system has two measures, each with a first ending bracket. The eightieth system has two measures, each with a first ending bracket. The eighty-first system has two measures, each with a first ending bracket. The eighty-second system has two measures, each with a first ending bracket. The eighty-third system has two measures, each with a first ending bracket. The eighty-fourth system has two measures, each with a first ending bracket. The eighty-fifth system has two measures, each with a first ending bracket. The eighty-sixth system has two measures, each with a first ending bracket. The eighty-seventh system has two measures, each with a first ending bracket. The eighty-eighth system has two measures, each with a first ending bracket. The eighty-ninth system has two measures, each with a first ending bracket. The ninetieth system has two measures, each with a first ending bracket. The ninety-first system has two measures, each with a first ending bracket. The ninety-second system has two measures, each with a first ending bracket. The ninety-third system has two measures, each with a first ending bracket. The ninety-fourth system has two measures, each with a first ending bracket. The ninety-fifth system has two measures, each with a first ending bracket. The ninety-sixth system has two measures, each with a first ending bracket. The ninety-seventh system has two measures, each with a first ending bracket. The ninety-eighth system has two measures, each with a first ending bracket. The ninety-ninth system has two measures, each with a first ending bracket. The hundredth system has two measures, each with a first ending bracket.

Song Lyrics

1. Dreamland Tree (Words: Traditional)

Sleep baby sleep, thy father guards the sheep,
Thy mother shakes the Dreamland Tree,
Down comes a little dream for thee.

Sleep baby sleep, slumber soft and deep,
The stars look down with tenderness,
The moon is thy shepherdess.

Lully lulla, lully lullay.
Lully lulla, lullaby.

2. As Shadows Grow (Words: Liz Dilnot Johnson)

As shadows grow, as the sun goes down,
Darkness around us like a sparkling gown;
One by one the stars appear,
Shining bright on a night so clear.
As we lie on pillows deep
The world around us begins to creep...

High in the tree-tops, swooping by,
The tawny owl, hooting, patrols the sky;
In the shadowy wood the badgers play
While the stars light up the Milky Way.
A shooting star flies through the sky
Above the fox with amber eye;
As the moon raises up her light,
Her silver rays fall upon our dreams tonight.

3. Nightmare Night! (Words: Liz Dilnot Johnson)

Tucked up snugly in your bed, pleasant dreams run through your head.
When horrid thoughts appear instead it's nightmare night tonight! Oo oo ah!, Oo oo ah!

Teddy bears growing up to ten feet high
With great big teeth and spooky eyes
I run away fast then I hear a call:
'Watch out for the cliff!'
Then down I fall... Oo oo ah! Oo oo ah!

I've shrunk to the size of a ping pong ball,
I'm so minute they can't see me at all,
Trying to walk down a bust street,
When splat! I'm squashed by giant feet! Oo oo ah! Oo oo ah!

Read a book, pretend not to care, turn the light off if you dare!
This is more than I can bear, it's nightmare night tonight!

Sitting at my desk at school,
I don't know the answers and I feel a fool.
The teacher points the cane at me
Then, I see, we're on TV! Oo oo ah! Oo oo ah!

The Queen has come for afternoon tea,
The room is a mess and she's looking at me,
A giant tomato's coming down the stairs
And I'm only wearing my underwear! Oo oo ah! Oo oo ah!

Waking up in sweat so deep, clutching at the crumpled sheet;
I don't want to go back to sleep, it's nightmare night tonight!
Nightmare night tonight!
